Trends and problems of integration within Eurasian Economic Union

*Kotlyarov N.N., – Doctor of Science, Professor of the Department of World Trade and International Business of the Financial University
e-mail: kotlyarov_nn@mail.ru*

Abstract

The article examines some most important trends and tasks of the development of the integration process in the framework of Eurasian Economic Union. Particular attention is drawn to the problems of the foundation of common market and development of industrial cooperation. The research emphasizes the necessity to increase collective competitiveness and self-sufficiency, the demand to develop new forms of industrial cooperation, including development of joint cluster systems.

Key words: integration, common market, industrial cooperation, competitiveness, clusters, regional integration union, globalization

Regional monetary and financial cooperation in the framework of Eurasian Economic Union

*V.Y. Pishchik, Doctor of Economics, Professor of Global Finance Chair FGOBU VPO “Financial University under the Government of the Russian Federation”, Moscow
e-mail: pv915@mail.ru*

Abstract

This paper analyzes the current trends of interstate regulation of monetary relations in the Eurasian Economic Union, as well as promotional and constraints of monetary and financial integration in the region. The analysis shows the need to eliminate remaining administrative and other barriers to cross-border movement of factors of production and the adoption of effective measures to implement has already established the legal framework aimed at deepening trade and economic and monetary cooperation in the region.

Keywords: Eurasian Economic Union; Single Economic Space; internationalization of the national currencies, the Russian ruble, international settlements and payments, the common financial market, exchange rate policy, the budget and tax policy.

Customs Union in integration architecture of EEC

*Medvedeva M.B., Saakyan P.A.
e-mail:mmborisovna@gmail.com*

Abstract

The article is devoted to the part and place of the Customs Union in the integration process at the Eurasian space. The article proves the idea that the Customs Union is an important, but not the final stage of the integration process. The intensification of this process should be realized by creating the Economic and Monetary Union of the member-states of the Customs Union.

Key words: Customs Union, Customs space, mutual trade intensification, stable regional development.

PROBLEM ASPECTS MONETARY INTEGRATION EURASIAN ECONOMIC UNION: COMPARATIVE CHARACTERISTICS

*Shchegoleva N.G., Doctor of Economics, Professor, Chair of the Department of International Economics and Management of Foreign Economic Activity
e-mail: shegoleva@spa.msu.ru*

*Lencov I.N., PhD, Associate Professor of the financial market and exchange relations, Moscow Financial-Industrial University «Synergy»
e-mail: ilyalencov@gmail.com*

Abstract

The article compared the integration structures and their convergence criterions. The necessity of establishing the criterion of convergence of reserve adequacy for the effective functioning of the Eurasian Economic Union.

Keywords: integration, currency union, convergence criterions, the budget deficit

The Eurasian economic union is the new stage of the integration development

*Buzrukova G.D., Independent expert
e-mail: bgulnora@mail.ru*

Abstract

the article focuses on the negative moments retarding the process of the eurasian integration.

Keywords: integration, Customs Union, United Economic Space (UES), Eurasian economic union (EEU).

China’s modern investment policy postwar economic uprising of Beijing

*Plotnikov Alexei Yu., D.Sc. (history), Professor
Leading research fellow, Institute of applied economic Studies,
Russian Academy of National Economy and Government Service
e-mail: al.yu.plotnikov@yandex.ru*
